

The abbreviation MUNoH stands for Model United Nations of Hamburg, which is a simulation of the United Nations organized by us in the form of a five-day conference. Since 2009, more than 200 students from different countries (e.g. Great Britain, Denmark, Cyprus, Poland and many parts of Germany) have been debating current international political and social conflicts in English at Meiendorf Grammar School every year. The aim is to represent the interests of foreign countries in the debates and ultimately find solutions that are as fair as possible for all members of the United Nations.

Through contact with people from all over the world, students are given the opportunity to improve their English, especially their pronunciation and free speech. MUNoH also promotes social skills.

In order to be able to realize the conference for all participants again this year, we are dependent on financial and material support, as the young participants have to bear all costs themselves; every donation contributes to the successful running of the conference.

If you would like to support the project, please contact the Financial Management ([financial.management \["at"\] gym-meiendorf.de](mailto:financial.management@gym-meiendorf.de)) and if you have any further questions about the conference, please contact the Conference Management ([conference.manager \["at"\] gym-meiendorf.de](mailto:conference.manager@gym-meiendorf.de)). We will, of course, issue you with a donation receipt on request and mention your company by name on our website, in our numerous booklets and brochures and also during the conference. Furthermore, you are cordially invited to take part in our opening ceremony.

Donations go to:

- MUNoH e.V.
- c/o Gymnasium Meiendorf
